

## **JOB ADVERTISEMENT**

### **Helicopter Engineer B1/B2 for Vici Helicopter AS**

Vici Helicopter AS is a newly established helicopter company, which provides offshore helicopter transportation services in support of offshore oil activities on the demanding Norwegian continental shelf. Furthermore Vici is a fully independently owned Norwegian company.

We are currently searching for experienced helicopter engineers to support the upcoming flight operations from Bergen, Norway. The operations will be performed with the AW189 and the operations are planned to commence in June 2017.

#### **Independent, Responsible and Committed**

Strong qualifications on all levels are crucial when operating in the Norwegian Offshore environment – therefore, we are searching for new colleagues of high quality, which are self-motivated, highly flexible, take responsibility, have a problem solving attitude and commitment in their work but nevertheless continuously focused on Safe Operations.

#### **Place of work**

Predominantly Bergen, Norway, but operations for longer or shorter periods in other locations must be expected.

#### **Tasks**

Your tasks, among others, will be:

- Performing line maintenance
- Performing unscheduled line maintenance
- Participate in refuelling
- Daily inspections, and other scheduled inspection
- AD and SB implementation
- HUMS download and analysis
- Performing scheduled and unscheduled component replacement
- Exterior and interior cleaning of helicopter.
- Logistic activities on base (receiving inspection, storage and shipping)

#### **Requirements**

The following qualifications must, as minimum, be possessed:

- EASA Part 66 B1/B2 Aircraft Maintenance License
- Experience on AW 189 or other AW aircraft preferred
- North Sea offshore experience
- Basic offshore safety training (HUET, EBS)
- High degree of attention to details
- Team player but also self-supportive;

Language requirements: Scandinavian speaking, English – verbal and written.

### **What expected from future employees**

- Play a key role in building the position of Vici Helicopter AS in the Norwegian Offshore market
- Enthusiastic about becoming a company culture carrier
- Willingness to work at different bases across Norway
- Cooperative team player capable of dealing with changing deadlines and priorities
- Flexibility with changing requirements regarding work hours/days, location and travel
- Supportive of continuous safety and quality improvement
- Ability to work cooperatively in culturally diverse environments;

### **Contact details**

If you can identify with the above, please send your CV and cover letter (including 2-3 reference contact details and availability date) to [HR@viciheli.no](mailto:HR@viciheli.no)

We await your application until February 7th, 2017.
